## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicants' arguments, see **REMARKS** pages 8-9, filed 12/01/2009, with respect to the rejection(s) of claim(s) 13-18 under 35 U.S.C. §102(e)/103(a) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 13, 14, 17, 18 and 21-30 are allowed.

3. The following is an examiner's statement of reasons for allowance: the Applicants have amended claim 13 to include "an overwriting means which overwrites the check data with the identification information read by the reading device" which, in combination with the rest of the claim language, discloses an automatic drug dispenser that is novel over the prior art of record. Independent claims 21 and 23 both include "a manually-operated switch" that controls "a check bypassing means" which, in combination with the rest of the claim language, disclose a drug feeder and an automatic drug dispenser that are novel over the prior art of record. Independent claim 29 includes "the drug dispensing controller preparing the drug ejection instruction includes, in the drug ejection instruction addressed to the first group, a drug feeder storage address related to the drug feeder storage, and includes, in the drug ejection instruction addressed to the second group, the check data" which, in combination with

the rest of the claim language, disclose a drug feeder and an automatic drug dispenser that are novel over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
